EDUCATION

Cairo University — Faculty of Computer and Artificial Intelligence

B.Sc. Software Engineering

Expected Graduation: 2028 | GPA: 2.6

TECHNICAL SKILLS

Languages:	C++, Java, JavaScript, Python, HTML, CSS
Frameworks:	React.js
Databases:	SQL, Database Design
Engineering:	UML Diagrams, Requirements Analysis
Tools:	Git, Microsoft Office
Soft Skills:	Communication, Leadership, Critical Thinking, Problem Solving, Teamwork, Time Management

PROJECTS

Movie Web Application | JavaScript / TSX / HTML / CSS / React.js

Built a movie web application that consumes a third-party API to fetch and display movie data. Features include real-time search functionality and a favorites system allowing users to save and manage their preferred movies.

GPA Calculator | JavaScript / HTML / CSS

Designed and developed a GPA calculator supporting mark-based and letter-grade GPA computation, including mark-to-grade conversion.

E-Commerce Online Shopping System | C++

Designed and developed a full online shopping platform with product browsing, cart management, and order processing capabilities.

Music Track Management System | C++

Built a system for organizing, storing, and managing music tracks with search, update, and playback-related functionalities.

COURSES & CERTIFICATIONS

- CS50: Introduction to Computer Science** — Harvard University
Fundamentals of Computer Science, Programming, and Algorithms.
- Algorithms & Problem-Solving Level 2/3** — Programming Advices
Intermediate course on efficient algorithmic thinking and advanced problem-solving.
- Web Development Fundamentals** — Black Horse
- Ultimate JavaScript Part 1: Fundamentals** — Online
Core JS concepts: variables, functions, conditions, loops, and DOM basics.
- Ultimate JavaScript Part 2: Advanced** — Online
Advanced JS: closures, prototypal inheritance, OOP, arrow functions, destructuring.
- Ultimate Java Part 1 & 2: Fundamentals + OOP** — Online (Part 2 In Progress)
Java syntax, variables, loops, methods, OOP concepts including inheritance, encapsulation, and polymorphism.
- TIEC** — Collaboration with Creative Innovation Hub

LANGUAGES

Arabic — Native English — Good
